All-New Puppet Enterprise 3.8

Log In (/user/login?destination=homepage) or Create new account (/user/register?destination=homepage)

From provisioning bare metal & launching containers to new ways to manage infrastructure as code, Puppet Labs now lets you automate more, faster.

What's New   (/puppet/whats-new)

Automation Makes IT Better

Manage IT infrastructure faster, so you spend less time fighting fires and more time deploying great software. Puppet Enterprise now offers more >> (/puppet/puppet-enterprise)

Live Demos & Webinars (/resources/webinars)

Led by our expert technical solutions engineers, our live webinars help you discover the power of automating your IT infrastructure with Puppet Enterprise.

Register Now   (/resources/webinars)

Go From Months to Minutes (/customers/featured/deploy-faster)

From 36 days to less than 30 minutes

(/customers/featured/deploy-faster)

What if you could cut days or months off your deployment times? See how these companies do it.

Watch now   (/customers/featured/deploy-faster)

DevOps Salary Report (http://info.puppetlabs.com/devops-salaries.html)

See exclusive data from our research on DevOps salaries across different regions, industries, and for various job titles. Do 'DevOps Engineers' earn more?
